To Whom It May Concern:

Café Eighty 2 would like to submit the amendment of Development Approval to amend the condition 8.

The main reason to amend the opening hours to 5:30 am to 9:00 pm is to serve more local customers in the community. Since we started trading, we have gotten feedbacks from our customers to open early morning and until late. People in the community require more cafes that open early and till late to brighten the street and bring more people in. In addition, where we are situated has big traffic every day, if we can extend our trading hours, we can be more exposure to locals, eventually it would be significantly beneficial to the community of Victoria Park.

If you would please consider this extension of our trading hours, I strongly believe that it would make not only our business and but our community of Victoria Park better in many ways.

Thank you

Regards,
Ricky Oh
