Re the Town Planning Scheme No 1 to permit Tavern land use at 98-106 Goodwood Parade Burswood – would be very happy for the council to permit this. As someone who works full time walking distance from 106 Goodwood Parade and our building is directly opposite the Blasta Brewery, there is not enough places here to dine, or even to sit for a coffee – Blasta Brewery is the only venue here so for them to move there, would be more than ideal. The properties which they want to take over look terrible and derelict and it would be a huge improvement to the area.

Kind Regards,

Do you support the proposed Amendment to Town Planning Scheme No.1 to Permit a Tavern at No. 98-106 Goodwood Parade, Burswood?

Yes

Do you have any comments about the proposal?

While I don't live in the area I work on Claude St and welcome a tavern to be opened in the area. With restricted food/beverage options in close proximity, It will bring new life to the surrounding streets and I'm excited to support the business that opens up there. I don't see how a Tavern Permit on this land will negatively impact the area more than the existing brewery/restaurant/cafe permit.

The parking situation in this area is already ridiculously under catered for, with no provision for the railway station, Blaster Brewery, football when the season is on. There is also a 24 hour Gym, overflow parking for Crest apartment residents and visitors, not to mention the quantity of Budget trucks returned and parked in most side streets over the weekends. This section of Goodwood parade and the surrounding streets are already congested and dangerous to motorists trying to negotiate their way through this area, and I believe it's only a matter of time before we see a serious incident occur.

I'm very glad to see something like this being proposed in the area. I think it will compliment Blasta Brewery very well and add some much needed vibrancy. Goodwood Parade and surrounded streets are very dull and underutilized but in saying that, the potential is huge! Adding this to the area by refurbishing/redeveloping these buildings and plots of land will be a welcome addition by the majority I would imagine. I believe all the streetscapes and the Griffiths/Stiles park are being upgraded as well as the redevelopment of the Burswood Train Station in the future, so proposals like this will compliment all of that, making the area a really enticing place to live and visit.
