Dear

Thankyou for your email.

Yes as was discussed on the phone with my mother, granddaughter of Mr Hugh George Duncan, she is happy for the park to be renamed but does not want the street renamed. My mother and I also discussed this with my brother, great-grandson of Hugh George Duncan, and he is also in agreement that as long as the street is not going to be renamed then we are happy for the park to be renamed.

I will forward in a seperate email the photo we have hanging on our wall or Mr Hugh George Duncan. We have not located any other photos of him so far.

Regards
