BACKGROUND:

The Town has a Commemorative Recognition Policy (GEN4) in place to honour individuals, organisations or events that have a made a significant contribution to the Town or the development of Western Australia.

The Association Representing Mothers Separated from their Children by Adoption Inc (ARMS) have made a Commemorative Recognition application to donate a set of memorial sculptures to be placed in a park in the Town of Victoria Park. The memorial commemorates an event in Western Australian (WA) history - the WA Parliament's formal apology in 2010 for the 'Removal of Children from Unmarried Mothers'. The Commemorative Recognition application was assessed by the Local History Coordinator against the criteria set out in the Town's Commemorative Recognition guidelines.

DETAILS:

A Commemorative Recognition application has been received from ARMS to donate a set of memorial sculptures to the Town. The applicants have suggested McCallum Park as the ideal location for the memorial to be placed.

The Local History Coordinator spoke to the Manager Infrastructure Operations to ascertain if this was a possible location for the memorial but McCallum Park is undergoing a major redesign process that has already gone through the public consultation stage. Therefore the Town would need to find a suitable location for the memorial before the application can be approved. In conversation with both Parks and Planning, Read Park was determined to be the most suitable location for the memorial.

The ARMS memorial commemorates an event in WA history - the 2010 WA Parliament's apology to those affected by past forced adoptions practices. This apology was the first in Australia. A national apology followed in 2013.

The application refers to one of the largest mother and baby homes in WA and states that it was situated within the Town of Victoria Park. This refers to *Ngala* (then known as *Ngal-a* Mothercraft Home and Training Centre Inc) and *Ngala* has issued a statement supporting the WA and national apologies for forced adoption practices.

Ngala is located in Kensington but lies within the City of South Perth boundaries rather than the Town of Victoria Park.

Therefore, the Town would be accepting the donation of the memorial not as a reflection of past forced adoptions practices in the Town but instead as a statement of goodwill to those affected Australia-wide. It would also serve as an acknowledgement to those in the Town who have been affected by past forced adoptions practices and commemorate the State and National apologies.

Strategic Plan Implications:

The Town's vision is a dynamic place for everyone.

Social – to promote sustainable, connected, safe and diverse places for everyone.

- S3: An empowered community with a sense of pride, safety and belonging.
- S4: A place where all people have an awareness and appreciation of arts, culture, education and heritage.

Financial Implications:

Internal Budget:

The cost of the memorial sculptures has been funded by a grant received by ARMS from the Forced Adoption Support Services small grants fund which is funded by the Department of Social Services.

The grant received by ARMS will also cover the delivery and installation costs of the memorial sculptures, including the footings recommended in the Structural Engineer report.

Total Asset Management:

According to the maintenance plan submitted as part of the application, the ongoing maintenance costs will be minimised by having a non-sacrificial coating applied to the sculptures. The funding received by ARMS will cover this cost. The maintenance plan states that this coating would only need to be replaced if the sculptures are chemically cleaned several times.

ARMS have indicated they will cover the maintenance costs in the event that the sculptures either need to be chemically cleaned or the coating reapplied if they have the funds available. If the funds are not available then they will apply for a grant to cover such costs.

Sustainability Assessment:

External Economic Implications:

Nil

Social Issues:
The sculptures are as pictured below:

The applicants' proposed wording for the plaque is as follows:

A Quarter of a Million Mothers

On 19 October 2010 the State Parliament of Western Australia apologised for past adoption practices. This was the first apology offered by a government anywhere in the world for the practice of taking babies from single mothers and putting them up for adoption.

Following this a nationwide Senate Inquiry found that past adoption practices had been cruel, punitive and illegal.

On 21 March 2013 the Commonwealth Government apologised for past policies and practices that forced the separation of mothers from their babies and created a lifelong legacy of pain and suffering.

This memorial is dedicated to those who have been separated by adoption.

As stated in the Commemorative Recognition guidelines, the Town will have standard templates in regards to the wording and will have the final say on approval of any plaque/signage.

COMMENT:

The purpose of the Commemorative Recognition application by ARMS is to donate a set of memorial sculptures to be placed in a park in the Town. This memorial is to commemorate the 2010 WA Parliament's apology to those affected by past forced adoptions practices. The application includes the structural engineer report to guarantee the safety of the memorial in a public space; the maintenance plan that outlines the potential upkeep costs of the memorial and six letters of support, including a letter of support from the Manager Forced Adoption Support Service – Relationships Australia WA.

CONCLUSION:

The application for Commemorative Recognition by ARMS to donate a set of memorial sculptures to the Town meets the criteria set out in the Commemorative Recognition Guidelines.

RESOLVED:

Moved: Cr R Potter Seconded: Cr J Jacobs
