7 REPORTS

7.1 CEO Review Of Systems And Procedures On Legislative Compliance

Location	Town-wide
Reporting officer	Danielle Uniza
Responsible officer	Anthony Vuleta
Voting requirement	Simple majority
Attachments	<ol style="list-style-type: none">1. Regulation 17 of the Local Government (Audit) Regulations 1996 [7.1.1]2. Compliance Calendar 2019 - Draft [7.1.2]3. GRIEVANCE PROCEDURE MARCH 2019 [7.1.3]4. Audit Plan 2019 [7.1.4]

Recommendation

That the Finance and Audit Committee recommends that Council:

1. Receives the results of the Chief Executive Officer's Review of systems and procedures relating to legislative compliance, in accordance with regulation 17 of the *Local Government (Audit) Regulations 1996*.
2. Endorses the 12 recommended further actions identified as part of the review.
3. Requests that the Chief Executive Officer provides a further report to the Finance and Audit Committee on the progress of recommended further actions by November 2019.

Purpose

To present findings and recommend further actions from the Chief Executive Officer (CEO)'s review of systems and procedures relating to legislative compliance, in accordance with regulation 17 of the Local Government (Audit) Regulations 1996 (the Regulations).

In brief

- Regulation 17 of the Regulations require the CEO to conduct a review of systems and procedures relating to legislative compliance, risk management and internal controls on a triennial basis.
- To ensure that a thorough review is conducted, each area will be reviewed and reported on individually starting with legislative compliance, followed by internal controls and then risk management. All three areas will be reviewed in 2019. This report is a review on legislative compliance.
- In conducting a review of systems and processes relating to legislative compliance, the Town has used the Local Government Operational Guidelines No. 9 – Audit in Local Government (the Guidelines) to establish nine key areas of review.
- Of the nine areas reviewed, two areas have been deemed to have 'inappropriate' systems and processes, six areas are deemed to have some systems and processes in place that 'need improvement', and two areas have been deemed to be 'appropriate'. Eleven further actions have been identified.

Background

1. In 2013, regulation 17 of the Regulations were amended to include a requirement for the CEO to review the appropriateness and effectiveness of a local government's systems and procedures in relation to risk management, internal controls and legislative compliance on a biennial basis. In 2018, regulation 17 was

amended to change frequency of the review requirement from biennial to triennial.

2. In accordance with regulation 16 of the Regulations, a local government's audit committee is responsible for reviewing the CEO's report, before providing a copy of the report and the results of its review to Council.
3. The first and only review conducted by the Town was a full review of all three areas – legislative compliance, risk management and internal control. The result of this review was presented to the Finance and Audit Committee at its meeting held in November 2016, before being presented to Council at its meeting held on 13 December 2016 (attachment 7.1.1). This initial review found the Town's systems and processes relating to both risk management and legislative compliance to be 'appropriate and effective', and its systems and processes relating to internal controls to be in 'in its infancy'. No further actions were recommended as part of that review.
4. As the last review was conducted in 2016, the CEO is required to conduct a review of all three systems in 2019. While the initial review assessed the appropriateness and effectiveness of all three systems in one report, the approach to this review will be to assess, and report on, each system individually within the calendar year, starting with legislative compliance, to be followed by internal controls and then risk management. The reason for this staggered approach is to ensure that the CEO has an opportunity to review each area thoroughly.
5. While there is no mandatory or minimum requirement for conducting the review, as required by regulation 17, the Town has used the Guidelines as a basis for reviewing the 'appropriateness and effectiveness' of the Town's current systems and processes relating to legislative compliance. According to the Guidelines, issues that should be considered for inclusion in the CEO'S review, and are to be reviewed by the audit committee, relating to legislative compliance include:
 - a) Monitoring compliance with legislation and regulations
 - b) Reviewing the annual Compliance Audit Return and reporting to Council on the results of that review
 - c) Staying informed about how management in monitoring the effectiveness of its compliance and making recommendations for change as necessary
 - d) Reviewing whether the local government has procedures to receive, retain and treat complaints, including confidential and anonymous employee complaints
 - e) Obtaining assurance that adverse trends are identified and review management's plans to deal with these
 - f) Reviewing management disclosures in financial reports of the effect of significant compliance issues
 - g) Reviewing whether the internal and/or external auditors have regard to compliance and ethics risks in the development of their audit plan and in the conduct of audit projects, and report compliance and ethics issues to the audit committee
 - h) Considering the internal auditor's role in assessing compliance and ethics risks in their plan
 - i) Monitoring the local government's compliance frameworks dealing with relevant external legislation and regulatory requirements
 - j) Complying with legislative and regulatory requirements imposed on audit committee members, including not misusing their position to gain an advantage for themselves or another or to cause detriment to the local government and disclosing conflicts of interest.
6. The 10 key areas identified above have been used in conducting the CEO's review of the appropriateness of procedures and systems relating to legislative compliance.

CL08 - Visionary civic leadership with sound and accountable governance that reflects objective decision-making.	The Town has a responsibility to its community to ensure that its current systems and processes are in line with legislative requirements, and industry best practice, to foster both good decision-making and better delivery of services to the community.
CL10 - Legislative responsibilities are resourced and managed appropriately, diligently and equitably.	By conducting a thorough review of the appropriateness of the Town's system and processes relating to legislative compliance, key areas that need further actioning and/or better resourcing to ensure appropriate management have been identified for consideration.

Financial implications

Current budget impact	Sufficient funds exist within the annual budget to address this recommendation.
Future budget impact	At current, Town's governance system is deemed to be of a low maturity level with many areas needing much improvement to move from 'basic practice' to 'advanced practice'. Should the Town to move into a 'high maturity' framework, this may require further resourcing in the future.

Analysis

7. The review has been based on current systems and procedures. It is to be noted that while several areas of improvement are already underway, the review has not considered those as they are not currently in place. An officer comment has been provided relating to each of the 10 review areas, as outlined in the Guidelines. Where it has been deemed that there is appropriate procedures and systems relating to an area of review, it is assessed with '*appropriate*', where there is some form of procedure/ system relating to an area of review, it is assessed with a '*needing improvement*', and where there is little to no evidence of procedures and systems relating to an area of review, it has been assessed with an '*inappropriate*'. The 10 areas of review have been assessed as follows:

8.

Review Area 1: Monitoring compliance with legislation and regulations	
Officer Comment	While the Town has continued to meet the minimum requirements for its statutory reporting obligations, the process in which such compliance is met is deemed to be lacking in structure. The Town's approach to meeting legislative compliance, particularly that relating to statutory reporting, has been based on knowledge of staff relating to requirements for their respective areas, and by conducting the Compliance Audit Return (CAR) on a quarterly basis. Bearing in mind that the requirement is that the CAR is completed on an annual basis, it is believed that completing this on a quarterly basis, as has been previous practice, does not add any further value. It is also to be noted that the CAR does not contain all of a local government's legislative requirements.
Assessment	Needing improvement
Recommended further action	(1) Implementation of attached 'Compliance Calendar' to formalise the Town's approach in monitoring compliance with legislation and regulations.
Supplementary Documents	Compliance Calendar (attachment 7.1.2)

9.

Review Area 2: Reviewing the annual Compliance Audit Return and reporting to Council on the results of that review	
Officer Comment	The 2018 annual Compliance Audit Return was last presented to the Finance and Audit Committee in January, and to Council in February. This has since been submitted to the Department of Local Government. While previous approach to completing the Compliance Audit Return was conducted through a 'yes/no' response format, the approach taken this year was to add depth to the review by requiring responding officers to provide evidence of compliance, which was then reviewed by Governance prior to submitting its report to the Finance and Audit Committee.
Assessment	Appropriate
Recommended further action	None.
Supplementary Documents	2018 Compliance Audit Return – Endorsed by Council at its February 2018 Ordinary Council Meeting

10.

Review Area 3: Staying informed about how management in monitoring the effectiveness of its compliance and making recommendations for change as necessary	
Officer Comment	As the scope of the Finance and Audit Committee has been centred on vetting the Town's financial statements, there has been little work conducted in monitoring the effectiveness of the Town's compliance, and making recommendations for change. That said, as the Town does not currently have an appropriate compliance management system in place, it is difficult to conduct this function.
Assessment	Needing improvement
Recommended further action	(2) Ensuring that a monthly report on the 'Compliance Calendar' is generated for the Finance and Audit Committee, and distributed to its members for oversight purposes.
Supplementary Documents	Compliance Calendar (attachment 7.1.2)

11.

Review Area 4: Reviewing whether the local government has procedures to receive, retain and treat complaints, including confidential and anonymous employee complaints.	
Officer Comment	The Town has a Grievance Procedure which deals with receiving, retaining and treating complaints where it relates to the Town's employees.

	<p>Complaints from the Town's customers are dealt with through the Customer Service Charter. There is no procedure in place for complaints relating to Elected Members.</p> <p>The Town's Complaints Officer is currently the Chief Executive Officer, and there is no formally appointed Public Interest Disclosure (PID) officer.</p>
Assessment	Needing improvement
Recommended further action	<p>(3) Development of a policy and/or procedure for complaints relating to elected members</p> <p>(4) Appointment of a PID officer</p>
Supplementary Documents	Grievance Procedure (attachment 7.1.3)

12.

Review Area 5: Obtaining assurance that adverse trends are identified and review management's plans to deal with these	
Officer Comment	At current, the Town tracks adverse trends relating to its key financial indicators in its Long Terms Financial Plan. If a key financial indicator has not met the Department of Local Government's ratio thresholds for three consecutive years, it is considered an adverse trends. In this sense, no adverse trends have been identified in the Town's financial indicators. A minor concern exists with the Town's current ratio (a liquidity ratio comparing our current assets to our current liabilities) but this is not deemed to be an adverse trend.
Assessment	Appropriate
Recommended further action	None.
Supplementary Documents	Long Term Financial Plan

13.

Review Area 6: Reviewing management disclosures in financial reports of the effect of significant compliance issues	
Officer Comment	There have been no management disclosures made in financial reports, as no significant compliance issues have been identified. That said, no process currently exists to ensure inclusion of disclosures in financial reports should a significant compliance issue arise.
Assessment	Inappropriate
Recommended	(5) Development of process which triggers the inclusion of a management

further action	disclosure in the event that a significant compliance issue is identified.
Supplementary Documents	None.

14.

Review Area 7: Reviewing whether the internal and/or external auditors have regard to compliance and ethics risks in the development of their audit plan and in the conduct of audit projects, and report compliance and ethics issues to the audit committee	
Officer Comment	There is currently no internal audit program or internal auditor within the Town; further detail is provided in the response to Review Area 7. The audit plan by the Town's external auditors, outside of financial management, includes auditing the Town's compliance requirements as per the <i>Local Government Act 1995</i> ; however, it does not include auditing of any ethics risks outside of those that relate to fraudulent activities.
Assessment	Needing improvement
Recommended further action	As presented under Review Area 7 below.
Supplementary Documents	Audit Plan 2019 (attachment 7.1.4)

15.

Review Area 8: Considering the internal auditor's role in assessing compliance and ethics risks in their plan	
Officer Comment	There is currently no internal auditor within the Town. The only internal audit conducted relates to a process audit of the Town's records management which was presented to the Finance and Audit Committee at its meeting held in August 2017. No internal audits have been conducted that relate to either compliance or ethics risks. Considering the Town was/is subject to several performance audits to be conducted by the Office of the Auditor General (OAG), it is pertinent that focus is given to an internal audit program.
Assessment	Inappropriate
Recommended further action	(6) Develop and internal audit program with a focus on assessing areas of risk, strategic significance, and ethics/integrity issues (7) Ensure the internal audit program is appropriately resourced
Supplementary Documents	Item 8.2 Internal Audit Report Performance of Audit of Records Management Plan – Presented to the Finance and Audit Committee at its September 2017 Meeting

16.

Review Area 9: Monitoring the local government's compliance frameworks dealing with relevant external legislation and regulatory requirements
--

Officer Comment	There is currently no formal system in place that monitors other relevant external legislation and regulatory requirements outside of receiving notifications from State Law Publisher regarding amended and changing legislation that may have an impact on the Town. While relevant officers are notified regarding changes to legislation, there is no follow-up or monitoring of completion of the required further actions are conducted.
Assessment	Needing improvement
Recommended further action	(8) Development of a process to capture relevant changes to external legislation and regulatory requirements, which includes the tasking of necessary actions to relevant officers and ensuring completion. (9) A report containing relevant changes and ensuing action to be generated and distributed to the Finance and Audit Committee to ensure appropriate oversight, as required.

17.

Review Area 10: Complying with legislative and regulatory requirements imposed on audit committee members, including not misusing their position to gain an advantage for themselves or another or to cause detriment to the local government and disclosing conflicts of interest.	
Officer Comment	While there are no known issues of audit committee members misusing their position, it is to be noted that there has been no formal induction process specific to audit committee members, particularly the recently appointed independent committee members. It is to be further noted that the current Terms of Reference for the Finance and Audit Committee are in need of review to ensure alignment with best practice standards.
Assessment	Inappropriate
Recommended further action	(10) Development of a formal induction process for audit committee members, with a particular focus on expected conduct and roles. (11) Review the Terms of Reference for the Finance and Audit Committee to ensure it is in line with legislative and regulatory requirements.
Supplementary Documents	None

18. A summary of the Town's assessment against the 10 review areas are as follows:

Review Area	Assessment	No. Further Action	Status
1	Needing improvement	1	In progress
2	Appropriate	0	N/A
3	Needing improvement	1	In progress
4	Needing improvement	2	In progress

7	Needing improvement	0	N/A
8	Needing improvement	2	Not started
9	Inappropriate	2	In progress
10	Needing improvement	2	In progress
Total No. of Further Actions		11	

19. Due to the large number of further actions to be completed resulting from this review, it has been recommended that the Finance and Audit Committee provides the Town at least six months before seeking a further report regarding the status of actions identified.
