4.1.1 2022 Planting Season Update

Planting season is nearing to an end with 90 remaining trees to be planted in the coming weeks.

Purpose of the item

Provide an update to the group on the current progress of planting season activities

Outcome

Informed working group and staff

Allowing the IWG to identify and then discuss solutions/actions for risks and opportunities to assist the implementation of the final month in the 2022 planting season.

Discussion points

Currently working through the planning for next season planting, the following projects are being proposed:

Urban Ecosystems Program (SS)

- Kent St -Hayman Rd, continuation of ecological corridor
- Rotary Park, St James
- POS infill planting to reduce turf were identified

Vic Park Leafy Streets Program (PF)

- Main PED connectors to POS and Amenity ie; public transport, shops schools etc
- Secondary PED connectors from POS and Amenity to Main Ped Connectors
- Focus on Lathlain and Carlisle in response to the heat mapping, low canopy/high temp zone

Green Basins Program (SS)

- Planning for 2023, currently identifying possible sumps and micro parks. Liaising with engineering to check functionality of the sumps
- Focusing on locations where POS is not within the 400m PED shed

Contributions to Projects in Other Programs (DD)

- METRONET project – tree removal strategy DA provide proposal to the working group
- Canning Pedestrian Bridge
- Edward Millen
- Archer Mint. Existing tree were cut in these works, check with Rizwan to ensure they are receiving sufficient care.
